Growing Together as a Community

Brochure date: 8/24/14

The Peer Support Line

... is a friendly phone line staffed entirely by people with lived experience of mental health challenges or dual diagnosis.

Peer Operators are compassionate, empathic listeners. They offer support and validation. They empower callers to find solutions to their own problems and concerns.

The Peer Support Line accepts calls from peers who are perhaps lonely, depressed, and/or isolated. Or you may just want to connect with another person. The focus of the discussions are recovery-based, and the Operators are motivated to assist callers with information on and referral to local, state and national programs and services that may be useful to them in their day-to-day lives.

The Peer Support Line is open for calls 7 days a week 4 PM to 8 PM. We have Operators who speak Spanish and English on Wednesday and Sundays! **PLEASE** Call Us:

1-877-733-7563 or

1-877-PEER-LNE (no "I")

Dive into the Wave of Recovery

And Ride it Onto the Shore of Wellness!

SOUTHEAST RECOVERY LEARNING COMMUNITY

Hope

*Dignity * Respect*

*Friendships * Connection*

*Education * Employment Readiness*

Leadership Training

Funded by the Department of Mental Health

What Else Should I Know?

What is your goal in life? Allow us to help you obtain it! We have groups that will help you grow, and we have social groups to provide connections to others in a safe environment to learn. Our community members and our peer staff are interested in meeting you, sharing thoughts on recovery, and talking about their lived experience. We value the lived experience of having a mental illness or dual-diagnosis history—it is a plus, not a minus in our world. Our model is that of equality. Join our community as a member, become a volunteer, become a group leader or project coordinator. We have many opportunities for you, and you decide when you want to participate. Come for an hour, stay for the day.
