

Need Support Now?

Our Peer Support Warmline is available 7days/week from 4pm-8pm and staffed by Certified Peer Specialists and Recovery Coaches who draw upon their own lived experience with mental health and recovery challenges.

We provide a welcoming space where you can share openly, feel heard without judgment, and connect with someone who understands firsthand the realities of navigating mental health and recovery.

Peer Support

Peer support is a relationship built on shared lived experience, mutual respect, and the belief that recovery is possible for everyone.

Peer supporters use their own experiences with mental health challenges, substance use, trauma, disabilities, and other life struggles to provide understanding, encouragement, and hope.

Through genuine connection and mutual learning, peer support reduces isolation and helps people build meaningful lives in their communities.

All our services, supports, activities, and events are voluntary, free of cost, and no insurance or referral is needed.

Safe Spaces

The SERLC offers one-on-one mutual, non-clinical peer-to-peer support in emotionally safe, inclusive, culturally-responsive and trauma-informed spaces where every person is invited to explore emotional wellness at their own pace, and on their own terms.

We have a variety of unique and creative support groups, learning opportunities, activities & guest speakers for adults, including BIPOC, LGBTQIA2S+, Older Adults, Young Adults, Spanish-speaking, and more! There's something for everyone!

Events & Activities

We love to have fun at the SERLC! Join us for seasonal and cultural celebrations, art and music events, mental health awareness activities, Pride celebrations, and community outings. Come as you are and enjoy opportunities to connect, celebrate, and have fun together.

Peer Bridging & Resource Sharing

Our Peer Recovery Bridgers use their lived experience to support people in life transitions or in transitions from levels of care to more independence, helping individuals build connections to resources in their communities of choice and achieve their personal recovery goals.
